

What is your child learning in D&T Resistant Materials?

Topic of Study
Wooden Vehicles

Key Dates & Deadlines
This topic will last 12 weeks. After 9 weeks your child will 'rotate' to another materials area within Design & Technology

Family Friendly Homework
Looking at children's toys, what is successful about them and their design? What is unsuccessful about them?

Resources to Support
Pinterest – Children's toy vehicles

www.technologystudent.co

Resources to Challenge
Using isometric paper see if you can draw a toy from home in a 3 dimensional

Outside of the classroom
Younger siblings or family members may have some interesting small toy vehicles that you could bring in to show the class and support with the pupils Design Ideas.

Discussion starters

What safety features do you think are taken in to account when designing a children's toy?

What do you think makes a good design of a children's toy?

What do you think is the most appropriate material choice for a children's toy?

St. Antony's Catholic College

in partnership with Loreto Grammar School
