Roman Catholic School

ASPIRE + BELIEVE + ACHIEVE

## Post-16 Pathways

In the Winter and Spring terms of Year 11 students will commit to an educational pathway with a post-16 provider, guided by our independent Careers Advisor. Students most commonly opt to either continue their studies in one of our partner colleges or they choose to begin vocational training in a particular area and instead begin an apprenticeship.

Students can seek further guidance on careers which may interest them, and the courses and apprenticeships which support these careers, by accessing the XELLO platform found at <https://login.xello.co.uk> . Further guidance can also be found at [FutureLearnCareers.com](https://www.futurelearn.com/careers) and <https://nationalcareersservice.direct>.

For students who choose to follow further academic study the websites below may prove useful however there are a variety of other colleges across Greater Manchester which will accept applications from our students, including our local Grammar Schools.

Students who decide to begin an Apprenticeship will find further guidance at <https://www.apprenticeships.gov.uk/apprentices> as well as details of available opportunities at <https://www.gov.uk/apply-apprenticeship>

St Antony's works in partnership with Trafford Connexions for the provision of independent careers information, advice and guidance. Their mission is to ensure all young people, parents, careers and schools have access to the highest quality IAG; that it is free from bias; is up to date; and is provided by highly qualified and well trained staff. They support schools to meet the latest government guidance on provision of Careers Guidance and contribute to outstanding OFSTED rated outcomes. We have a proven track record of delivering effective, high quality services and are proud to work alongside schools and colleges to help Trafford maintain the low percentage of young people not in education, employment or training (NEET). They work closely with schools and colleges to create a bespoke delivery plan that uses both one-to-one and group sessions as well as supporting schools with organising careers days.
