

Trafford Team Together

Finding the right support at the right time in the right way

Our Service...

- 👍 **With your agreement, through your child's school, your TTT Co-ordinator may bring together Trafford Family Services, Education, Health & local community organisations to find exactly the right kind of support when you need it**
- 👍 **Your TTT Co-ordinator will provide a personalised plan enabling you to navigate through life's challenges, often including support for parents and carers as well as your child(ren)**
- 👍 **You only need to attend a meeting with a trusted member of staff from your child's school. With your permission, they will work with our co-ordinator to find timely and tailored support just for you, delivered through activities or services in your local community**

Our Staff...

- 👍 **Employed by Trafford within the Family Services Team, each TTT Co-ordinator is dedicated to a local area and group of schools**
- 👍 **Our staff are experienced at working with schools to understand your whole family needs and they are well connected with great knowledge of local services and support for families**

Our Promise...

Our Hopes...

- Empowering Approaches**
- Positive Relationships**
- Timely & Tailored Opportunities**
- Honest Engagement**
- Holistic Understanding**

Thriving children & families in strong, resilient communities

Improved school attendance

Supporting early, preventing crisis

Professionals in partnership with children, young people & families

Voices of children and families shape local provision

"Trafford Team Together has been needed for such a long time, to know someone is available to talk to about families and sharing the multi-agency approach, without schools having to spend part of their budget for this advice and support"
Urmston Primary

Trafford Team Together has been a beacon of light for myself and the school"
English Martyrs

"It has really helped to feel listened too by school through TTT, sometimes we do not know what is out there so having this brought to school and knowing a face is helpful"
St Monica's

"We needed support with housing and mental health support. It has helped working with Yasmin from Homestart. I was able to call her anytime during working hours. She was very good at calming me down or sorting it out for me."
Parent

"At first I was angry but my mum helped me see it. I enjoyed working with Siobhan in F92. I most enjoyed playing table tennis with Mr Morgan. I feel my well-being is improved."
Pupil Kings Road Primary

Our Families say...

Our Schools say...

"I love coming here to Gorse Hill studios after school every day even when I am tired after school has finished, I just find lots of energy to still do the dance sessions because everybody makes it so fun and enjoyable."
Young Person North Trafford

"I am now connected to the community in more ways than I ever imagined. All I can say is thank you for everything. You have given my daughter her smile back."
Parent

"Our school has collaborated with TTT since 2021. Staff report enormous benefits from having a single reference/access point and follow up mechanism, for a range of council services/departments. For a variety of reasons, connected with the national economic environment, the number of families of pupils needing various council support (and in navigating)/ assistance available has increased markedly. The pastoral role of our staff has been revolutionised by having access to TTT and it has mitigated, most constructively, the burden on them for obtaining and following up council support. We are VERY grateful for TTT's help." **Barton Clough Primary School**
