## Mock Interview Day – Y11 December 2024

14<sup>th</sup> November 2024

Dear Student and Parent/Carer,

On Monday 9<sup>th</sup> December 2024, we will be holding a Mock Interview day for Y11.

The purpose of the day is to help Y11 prepare for face-to-face or online interviews they are likely to have in the coming months as they plan for future pathways after school, whether that be in further education, apprenticeships or employment.

We have a range of post-16 providers and employers booked in for the day to conduct the interviews. For students this will mean:

- that they are given an appointment slip as they register, so that they are excused from their lesson later in the day
- they register with the Careers team in the canteen so that we know they are ready for the Mock Interview
- they have approximately 10 minutes with the interviewer, who will ask questions and then give some initial, constructive verbal feedback
- they will receive short written feedback via their form tutors after the event, so that they might use it for future, real interview situations

Students will need to come to school either in their smart uniform as usual, or they might choose to wear formal, interview attire. We suggest students have a think about some of the likely questions that they will be asked as this will help their confidence on the day, although we aim to provide an opportunity to think about this more formally in school time too.

Students should ensure that they bring with them all that they need for lessons that day as they will not know until the morning the time of their appointment.

If there are any questions, please get in touch with us at school.

Yours sincerely,

Mrs Williams
