

March 2025

Dear Applicant,

Thank you for your interest in the post of Teacher of Maths at St Antony's Roman Catholic School. I have provided below further details below which I hope will provide you with ample information about the post. Please see our website for details of the school and visit our Facebook, Twitter and Instagram pages for the most up-to-date news and information. We are seeking to appoint an outstanding colleague who can teach at both Key Stage 3 and 4 in this very effective department. There is also a potential opportunity of a TLR payment available for an additional responsibility for the right candidate. The starting date is 1<sup>st</sup> September 2025.

### **The School**

St Antony's Roman Catholic School is at an exciting stage of its development under relatively new leadership. We are proud to serve our local community and firmly believe that St Antony's is a great place to work. Our vision is driven by our Catholic faith and values, ensuring that we encourage children to be the best version of themselves, while enhancing pupils' lives and experiences through a carefully-planned and knowledge-rich curriculum. Our drive and passion underpin our aim to empower confident young people and leaders of the future.

St Antony's is warm and friendly and staff are very supportive of each other. Since 2017, pupil numbers have grown considerably from 450 to a capacity figure of just over 700 this year. We are over-subscribed and are increasingly the preferred choice for many families in our area. Improvements have been made in all areas over the last few years and we are excited to bring more new teachers and leaders into this next stage of our rapid development.

### **The Department**

The Maths Department at St Antony's Roman Catholic School is driven by a team of six dedicated teachers, with a shared vision of helping our children to learn and love mathematics so they can fulfil their potential and contribute positively to society. We know that this subject in particular is one that underpins all aspects of success in life and we work very hard to ensure that our children experience a curriculum that is well thought out, challenging and research-driven so our wonderful young people are fully prepared for their future roles in society. The maths teams work creatively and collaboratively, and aim to achieve the highest standards for all our students, with a recently refreshed curriculum plan based upon the White Rose maths programme.

St Antony's  
Roman Catholic School

Respect † Love † Integrity † Service † Resilience

### Application process

I hope that the information that has been provided here, and on our website has hooked your interest and I look forward to hearing from you. Should you wish to meet with me prior to applying I should be delighted to do so. Please contact school via email on [head@st-antonys.com](mailto:head@st-antonys.com) to arrange a mutually convenient time.

Should you decide to apply for the post all of the relevant documents are on our website ([www.st-antonys.com](http://www.st-antonys.com)). Please refer firstly to the '**Guidance Notes for Teaching Staff Applicants**'. Complete the application form, together with a letter of application outlining your vision for the teaching and leadership of Maths at St Antony's Roman Catholic School, your relevant experience and your understanding of current, relevant educational developments. Your letter should not exceed 2 pages of A4 in length and should focus on the clear impact of your work to date. Please note that we do not accept Curriculum Vitae.

The closing date is **Friday 25<sup>th</sup> April 2025 at 12pm**. If you have not heard from us within 2 weeks of the closing date, please assume that your application has been unsuccessful on this occasion. We are unable to provide feedback on unsuccessful applications.

I look forward to receiving and reading your application.

Yours faithfully,

Anthony Campbell - Headteacher
