**Re: Quizlet contest**

13<sup>th</sup> March 2025

Dear Parent/Carer

This year, as part of our whole school revision strategy, the Languages department are launching a school-wide contest to promote language learning amongst our budding linguists.

**All pupils are directed to revise core vocabulary as part of their homework** and for those who continue to GCSE this is an integral part of their language journey.

Last term, you received a letter detailing how your child should prepare for assessments and develop their revision skills. For Languages, we would like to encourage the website Quizlet which is directly linked to our schemes of learning.

To create some competition, we would like all our pupils to sign up to Quizlet using their email address (school or personal) and join the relevant Quizlet class for their year (see below - this will also be shared via SatchelOne with instructions on how to sign up).

Year 7 French

Year 8 Spanish

Year 9 French

Each week we will share a leader board of our most active users and offer a reward to the top 10 each half term. We will be looking for those most enthusiastic linguists who really go above and beyond to earn the whole school subject award which is awarded each week.

We look forward to as many pupils as possible taking part and we are grateful for your support in encouraging your children to be tomorrow's linguists.

Yours sincerely

**Mrs M Stevens (Director of Languages)**
