Year 7 Resistant Materials

Instructions for the week beginning Monday 20th April 2020

Do

We are all currently in very strange times, and are having to self-isolate in our homes. I don't think that any of us had much time to prepare for the COVID-19 situation, and were unable to predict what was coming.

In light of this, and your experience of self-isolation for the past few weeks, I would like you to design your own ideal self-isolation pod. Think about what equipment you would need for everyday tasks such as cooking, cleaning and sleeping etc. Then think about what would be good for entertainment. You could include things like a craft section, gaming section or workout section to name a few. I have included some examples below. I would like them to be carefully sketched and shaded. Be creative!

Challenge (Z3&4)

Annotate and explain you design choices. Why have you chosen to include certain objects, and why have you located them in the place that you have?

Submission

Please email your work to me at L.adderley@st-antony.com I would love to see your ideas!

Fantastic Friday – Please email Mrs Wright (f.wright@st-antony.com) by 12pm on a Friday if you'd like to share some of your best work of the week with her. She'd love to see it!
