

Year 7 Geography

Instructions for the week beginning Monday 13th July

Ordnance survey map skills and End of Year Quiz

Learn how to use ordnance survey maps including tools, symbols, direction, scale, distance, height, contours and grid references and complete the end of year quiz (this is the most important task this week).

This lesson includes:

- one short film about how to use an OS map, using scale and grid references
- one short film of a map reading challenge
- an end of year quiz for you complete

1. Read and watch the videos on this page

<https://www.bbc.co.uk/bitesize/articles/zx4xdp3>

2. Activity 1 – Complete the show my homework quiz on everything we have done this year. This is really important so we can see what you retained this year.

Optional Quiz

3. Quiz

How much have you learnt about OS maps?

Test your knowledge with the quiz below provided by Seneca
