The main aim of the first lesson is to assess what we have been doing since March. It will take the form of a quiz and discussion about how you all are and what problems you maybe have had completing the work.

For Thursday's lesson we will be picking up where we left off by looking at 1500 onwards.

For the students at home can you contact me and I will be able to provide you with a digital copy which you will be able to use also which can be accessed by phone, tablet or computer. If you want to come into school to pick up a textbook I can sort that too.
