All – This week is a continuation of last week's work.

You have been provided with a textbook. You must return the textbook to school when you have finished with it.

I would like you all to have finished Classification (Textbook pages 49-62) by the end of this week (I know that lots of you have already).

Please study the Classification (Textbook pages 49-62) chapter from the textbook and the revision sheets posted on Show My Homework. Read the pages carefully and answer the questions/take notes/draw diagrams. Feel free to photograph your work and email it to me – I will enjoy reading it.

Please email me when you are ready and I will send you the Classification end of unit test. You can complete the test using your textbook and any notes for assistance.

When the test is complete I will then send you the answers so you can mark your own work and see which areas you need to improve upon.

Do not worry, I am not collecting the scores in!

Some

I know that some wonderful pupils have already completed the Classification topic. I would like you to move onto study Sound and Hearing: textbook pages 161-174. Again, I have posted some revision sheets on Show My Homework. Let me know when you are ready and I will send you the unit test.

Do not worry if you find the work too hard. Just do what you can and email Mr Uglow if you have any questions at all.

Have a nice week. Take care and stay safe,

Mr Uglow p.uglow@st-antonys.com

Fantastic Friday – Please email Mrs Wright (f.wright@st-antonys.com) by 12pm on a Friday if you'd like to share some of your best work of the week with her. She'd love to see it!
